

I have neurological and physical disabilities which make it hard for me to move about. Since I have signed onto the NJ DO NOT CALL REGISTRY, I have had only 2 disturbing solicitations. I now am able to sleep without interruptions from telephone solicitors, as is my wife. Our family can now spend quality uninterrupted time together each evening a dinner communicating with each other. I PLEAD WITH YOU, "DO NOT FORCE NEW JERSEY TO REDUCE THE LIMITATIONS AND RESTRICTIONS OF ITS "DO NOT CALL LAWS" Our residents should have control of their personal lives. Our laws, which we as citizens endorse, etc. should not be subject to federal playing around. Maybe the federal government does not have the concern and best interest of our citizens in mind when it suggests reducing a citizens right to privacy. If you want to do something good and just, then make the federal legislation wording the same as that used in NJ
